

1 **PARKVIEW HOSPITAL**

2  
3 Parkview Hospital is a not-for-profit, community-owned, acute care hospital and verified  
4 Level II Adult and Pediatric Trauma Center. The hospital is the fourth largest in Indiana  
5 and an employer of choice in Fort Wayne with over 4,000 employees.

6  
7 We pride ourselves in combining high tech with high touch to give our patients the best  
8 and most compassionate medical care possible. And we've been doing so for more than  
9 130 years. Our physician partners, staff, facilities and trusted, quality healthcare  
10 services improve the overall health of citizens in all the communities we serve.

11 Today, as a member of Parkview Health since 1995, we serve as a partner in an ever-  
12 growing family of healthcare providers. Parkview Hospital is dedicated to meeting the  
13 region's diverse and changing healthcare needs.

14  
15 Planning continues for the move of tertiary care services to the Parkview North Campus  
16 in December, 2012. A Groundbreaking Ceremony was held in September, 2008, to  
17 mark the physical and spiritual beginning of this \$500+ million project with the theme,  
18 "...the place where you stand is holy ground" Exodus 3:5. The Rev. Toni Carmer, Leo  
19 UMC, participated in the Groundbreaking Ceremony as a representative of Parkview's  
20 United Methodist heritage. This new facility will be known as the Parkview Regional  
21 Medical Center.

22  
23 Throughout 2008, Parkview's Chaplaincy Services Department worked to meet the  
24 spiritual and emotional needs of our patients and their families, staff, physicians and  
25 volunteers. We are fortunate to have a very talented and dedicated group of chaplains  
26 who provide the highest levels of pastoral care and support to people in various types of  
27 life crisis.

28  
29 Formerly known as Methodist Hospital, Parkview remains a United Methodist affiliated  
30 institution while providing care to patients of all faith traditions. We are proud of our  
31 historical and philosophical roots in the United Methodist Church. Throughout its 130-  
32 year history, Parkview Hospital has remained dedicated to caring for the needs of our  
33 fellow human beings with compassion and care. This commitment is in response to  
34 Christ's call to mission and ministry--a call to which we remain faithful. We continue to  
35 be grateful to the Indiana Conference of the United Methodist Church for its prayerful  
36 support of our ministry.
