

1 **UNITED METHODIST MEMORIAL HOME, DBA HERITAGE POINT, THE HERITAGE**
2 **OF HUNTINGTON**

3
4 During this past year, the United Methodist Memorial Home, DBA Heritage Pointe and The
5 Heritage of Huntington have maintained their commitment to serve adults with respect,
6 compassion and love. It is our philosophy to assist residents to fully enjoy their retirement
7 years, while offering professional and thoughtful guidance and comfortable, modern
8 accommodations.

9 The Heritage of Huntington, which opened in 2001, is thriving at near capacity levels and
10 provides a safe and nurturing environment for the residents. It has grown to be a vibrant
11 community of people who share an enthusiasm for life in a positive environment. The facility
12 provides 60 healthcare accommodations and 56 spacious assisted living apartments. Many
13 people from the Huntington area choose The Heritage as their home as they are able to remain
14 close to family members.

15 Ground was broken in the Fall of 2008 for The Heritage of Fort Wayne, the newest addition to
16 the United Methodist Memorial Communities, which is located in Allen County along I-469 and
17 St. Joe Road. This development will be home to 56 villas and a healthcare/assisted living
18 facility. It will provide a neighborhood atmosphere with sidewalks throughout the community as
19 well as beautiful landscaping and ponds. Work has begun to construct three model villas, the
20 clubhouse which will house a fitness center, and two villas for resident members.

21
22 Heritage Pointe continues to be a leader in the nursing home/retirement living industry. This is
23 evident as many people come from near and far to make this their home, and the fact that many
24 of the "extra" services provided are included in our rates. Family members are assured their
25 loved ones will receive the highest quality of care and comfort possible.

26 Heritage Pointe continuously reviews and evaluates services which will benefit our members.
27 Resident participation is tremendous in the various activities offered in the Crafts Department,
28 Fitness/Pool area, and Fults Recreation Room.

29 A major project in 2008 was the remodeling of Heritage Pointe's Innis Building. This ambitious
30 project updated the building's interior, including new windows and new decors, while retaining
31 the beautiful exterior and porch area. The third floor is home to new residential apartments,
32 complete with full kitchen and laundry facilities in each unit. All assisted living apartments on
33 the second floor have kitchenettes and full bathrooms. The building's heating, electrical wiring,
34 air conditioning and plumbing have also been replaced.

35
36 Development also continues in the Dogwood Glen Villas community located on State Road 5
37 north of Heritage Pointe. There are currently 36 villas occupied with more under construction.
38 Residents in this community enjoy the serene ponds as well as the Dogwood Glen Golf Course
39 which opened in June 2006. This beautiful nine-hole golf course and clubhouse, which are both
40 open to the public, is just another example of why the United Methodist Memorial Home is a
41 leader in setting the standards for this industry.

42 We value the relationship with the United Methodist Church and Indiana Conference. The
43 United Methodist Memorial Home is committed to providing the very best of Christian care for
44 each of our residents. We thank you for your prayers and support in helping us make that care
45 possible year after year.
